

CERTIFICATIONS AND APPROVED AERONAUTICAL PROCESSES

ttaero@grupottt.com | www.grupottt.com

Process Category	Process Name	AIRBUS	AIRBUS DEFENCE & SPACE	AIRBUS HELICOPTERS	AERnova	BOMBARDIER	CEASA	EMBRAER	ALESTIS AEROSPACE	DASSAULT AVIATION	ITP	SAFRAN Hispano-Suiza	SAFRAN Messier-Bugatti-Dowty	SOLE	Sikorsky	SAFRAN Snecma	sonaca
THERMAL TREATMENTS	Carbon Steels (low/medium & high strength)																
	Stainless & Refractory																
	Ni-Co Alloys																
	Titanium Alloys																
	Cryogenic																
THERMOCHEMICAL TREATMENTS	Case Hardening (Gas Carbonitriding)																
	Gas Nitriding																
	Plasma Nitriding (White Active Screen)																
SURFACE TREATMENTS	Shot Peening																
	Hard Chrome																
	Grinding																
	Stress Relieving																
	HVOF (High Velocity Oxygen Fuel)																
	Plasma Spraying																
	Oxyacetylene (Flamespraying)																
	Impregnation																
LABORATORY TEST	Hardness																
	Traction																
	Metallographic																
	Resilience
